

Cartoning: Breath Mints

Application

Carton 30 grams of breath mints at 350 cpm in a 45 mm x 20 mm x 75 mm carton with a standard glue seal bottom closure and a tuck style top closure with a dispensing feature.

Equipment

Two *ProLine* VCM-500/VOL continuous motion vertical cartoners with 12-cup volumetric fillers and hot melt glue systems.

Features

No carton/no fill, open flap reject, slide-in carton pockets, latch-on flap holding tooling, and handcrank adjustments with digital readouts. One machine required European CE safety standards.
